Submitted to His Highness.

The accompanying papers relate to the question of consequential arrangements to be made on the retirement of Mr. P. Sampat Iyengar, Director of Geology and Professor of Geology, Central College, from 1st July 1932.

2. Prior to February 1927 the posts of Director of Geology and Professor of Geology were held by two separate incumbents. On the retirement of Mr. B. Jayaram, Director of Geology, in February 1927, the post of Director was combined with that of Professor of Geology in the University, and Mr. P. Sampat Iyengar who was holding the latter post was also appointed as Director of the Department.

3. It is found that the above combination of functions cannot conveniently be continued after Mr. P. Sampat Iyengar's retirement. In fact on previous occasions when Mr. Sampat Iyengar was given leave, separate arrangements were made for the work of the Department and in the University. The Members of Council and I therefore recommend that the two posts may be again separated and the pay of the Director be fixed at the reduced figure of Rs.800/-. Mr. A.M. Sen, Deputy Director, who has acted as Director on previous occasions will be appointed to act as such on this pay.

The above recommendations may be graciously approved.

4. As regards arrangements for Geological work in the Central College, proposals are awaited from the University. They will be duly considered on receipt and submitted for orders separately. In the meantime, the University will make temporary arrangements for relieving Mr. Sampat Iyengar of his duties as Professor from 1st July 1932.
